IN A HARD HITTING GAME THE PROGRESSIVE ONLY

> Means Rule of the Bosses-Everyone Who Believes in Decency Should Give Support.

New York, May 11.-The Roosevelt committee gave out yesterday a letter from Roosevelt to R. A. Caswell of Minneapolis, analyzing the political situa-

Mr. Roosevelt names North Dakota, Wisconsin, Illinois, Pensylvania, Nebraska, Oregon, New Hampshire, Massachusetts and Maryland as the states in which the voters have had a free expression of opinion. These states with 256 delegates to the Republican national convention, will send 40 delegates for President Taft and 216 against him. Of these states, Mr. Taft carried only New Hampshire and Massachusetts, and in Møssachusetts the Roosevelt delegatesat-large were elected by twice the plurality given Mr. Taft in the preferential

vote.

Mr. Roosevelt thinks that if primaries were held in all the states there would be little variation from these figures and Mr. Taft's chance of renomination "lies in securing delegates who will misrep-

resent the people."

Mr. Roosevelt again pays his respects
to Messrs, Gallinger, Penrose, Aldrich, Kealing, Lorimer, Guggenheim, and others and says that while his per sonal interests are of no moment the only candidate who can possibly be nominated against the bosses is himself.

While it was the duty of President Taft to look after the interests of the United States, it was also the duty of the British government to look after the interests of the British empire, but it went out of its way to try and make Canada an adjunct of the United States, from which it was saved by the instinct

ADJOURNMENT IS FAR OFF

No Prospect of Ending Session Before July 1-Final Vote on the Commerce Court Yesterday.

Washington, May 11.-The programme of legislation is gradually being evolved looking to fixing a definite date for adjournment. The tariff bills were laid aside Thursday to permit consideration of the river and harbor bill. From time to time, as the general appropriation bills appear in the Senate, the tariff legislation will be sidetracked to permit the supply bills to go through. Remarkable progress was made with the river and harbor bill Thursday. This measure usually requires from two days to a week to go through the Senate Thursday it was passed, much to the surprise of the leaders themselves, in
